SECTION 2: IS THIS FOR YOU?

Headline:
This Challenge Is Built For You If...

✅ You have **300 to 5,000 followers**, people like your posts, but nobody buys

✅ You spent weeks building a course that **sold 3 copies**

✅ You know you could run a group program, you just **don't know how to fill it**

✅ You hate the idea of sales calls and pushy DMs

✅ You want your **first $10,000 month** from coaching

It's Not For You If:

❌ You want passive income with zero client work

❌ You don't have a skill people already ask you about

SECTION 3: THE MECHANISM

Headline:
Why Small-Audience Launches Flop (It's Not Your Follower Count)

Most coaches build first and sell second.

They spend 2 months recording modules, designing a logo, and setting up a funnel.

Then they launch to 1,200 followers and make 2 sales.

The audience size was never the problem. The order was.

The Pre-Sold Cohort Method flips it in 3 posts:

Post 1: The Signal Post. Shows you who has the problem right now. Most coaches get 15 to 40 replies.

Post 2: The Proof Post. Shows the result you'll get them, so the offer sells before you pitch it.

Post 3: The Door Post. Opens 10 founding seats, with a 2-line DM that closes the sale.

You sell the cohort first. Then you build it week by week, with the people who already paid.

SECTION 4: WHAT YOU'LL BUILD IN 3 DAYS

Headline:
Here's What We'll Build Together In 3 Days

Day 1: Find The Offer People Already Want
Post your Signal Post live and learn how to read the replies to pick an offer worth $2,000.

Day 2: Write The Posts That Pre-Sell It
Get the Proof Post and Door Post templates, filled in for your niche during the session.

Day 3: Close Your First Seats In The DMs
Use the 2-line DM script that turns "how much?" into a paid seat, without a sales call.
